

Foxhill Bilingual International School

Newsletter April 2023

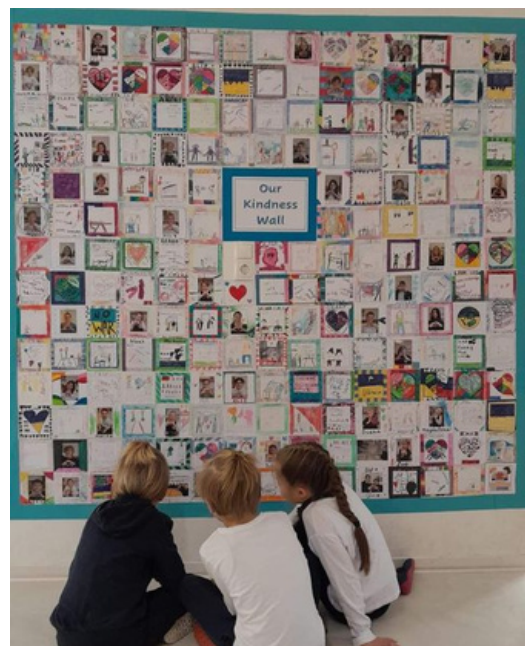

SPRING

We are continually learning how to create the best learning environment for the Foxhill School children. So we always think up great school projects for our weekly themes. In april, we got our caterpillars and are raising our own butterflies!

KINDNESS WALL

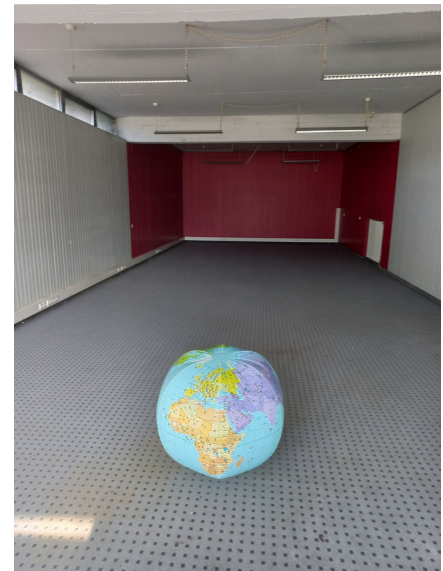

The heart of the school is built on cooperation and teamwork at Foxhill. Our lovely teacher Mary has once again directed our attention to the kindness wall. The students still enjoy having a closer look and remember how important it is to be kind to each other.

*We don't teach classes at Foxhill,
we teach children.*

WHAT HAPPENED IN APRIL

We had a super good start into spring and were able to achieve new things for Foxhill with a lot of verve!

**OUR MOVEMENT ROOM IS
TAKING SHAPE AND THE KIDS
LOVE IT!**

We have invested a lot in materials to best support Foxhill school children.

TRIPS TRIPS TRIPS

Now we don't have to worry about Corona anymore, we can finally go on trips again. This April we took the Hungerburgbahn to the Alpenzoo and got to explore the wildlife there.

GOODBYE AND WELCOME

FOXHILL IS FAMILY

We said goodbye to our intern Sara- we had a wonderful time with her and Sara would like to come back to us when she finishes her studies. GOOD LUCK!

We are already looking forward to a good cooperation!
Your Foxhill Team

SECONDARY

We are also very happy- we had a successful parents' evening about the Secondary School, which will start in autumn 2023.

A new team of Secondary School teachers will join us soon.

Jonas Neulinger (on the left/ German focus) and Philip Pearce (on the right/ English focus).

We will offer a variety of additional languages and the focus of the Secondary School will be on programming and business, etc. ...
