### SKI WEEK 2024 A FANTASTIC START!

*Let's Celebrate!*

# HAPPY NEW YEAR

The Foxhill children are back on the slopes, and Ski Week 2024 kicked off with tremendous enthusiasm!

It was a wonderful opportunity for all Foxhill children to embrace the breathtaking Tyrolean outdoors together. Our Ski Week, hosted in Seefeld, just a short bus ride from Martinsbuehel, was made possible thanks to the support of Alpinpower (Ski-School) and Family Sailer.

A big congratulations to all our Foxhill skiers for making Ski Week an unforgettable and successful experience!

we teach children.

## PRIMARY AND SECONDARY

**CONGRATS**  
WE ARE PROUD  
OF YOU!

### FOXCLUB - FEBRUARY

The schools in Tirol might be on holiday, but most parents are still working during the semester break. So our hard-working staff are here to provide top-quality care for children aged 2-10. These programmes are open to everyone, not just Foxhill children.

Our programmes are run bilingually, but they are not language courses. Just like the educational concept of the Pre-school, Foxclub is designed so that children have the chance to have fun, relax, and do all sorts of super activities, with English being the main language.

Thus, they learn without realising it.  
Enrol your child now! ([office@foxhill.at](mailto:office@foxhill.at))  
Foxclub from 12th until 18th of February

## WHAT HAS ALREADY BEEN IMPLEMENTED IN FOXHILL IN THE NEW YEAR?

Thanks to the Hörtnagl family, Alicia a professional dancer was organised for our children at Foxhill. All interested parents had the opportunity to enroll their children in dance lessons with the talented Alicia. The dance workshop was a tremendous success, with everyone thoroughly enjoying the experience!

*Thank you!*

Thanks to the generous sponsorship of the Hörtnagl family, we were able to acquire essential additional educational materials. Foxhill extends a heartfelt thank you. The joy and enthusiasm of the children, evident in the pictures, showcase their wholehearted acceptance and love for the new learning resources!

*Thank you!*

*Thank you!*

Our School recently hosted PHT interns who conducted engaging and educational sessions with the children.

A heartfelt thank you for the enriching mornings of learning and fun! We remain open to such collaborations, recognising the mutual benefits for both children and teachers.

# PROFESSIONAL DANCE CLASSES WILL BE OFFERED AGAIN IN FEBRUARY 2024!

*Exciting news for the Primary and Preschool children at Foxhill:  
special dance classes with Alicia will continue again from **21st February 2024***

Dance provides a fantastic avenue for developing various physical skills such as balance, flexibility, strength, conditioning, posture, agility, and stamina.

It's an opportunity for the children to explore movement and express themselves creatively.

## Farewell 2023, Welcome 2024! Embracing a Year of Blessings at Foxhill!

As we step into the new year, it's a perfect time for reflections and resolutions. Our little ones at the preschool have shared some heartwarming and positive goals for the year ahead:

- Show more love by giving extra hugs to parents.
- Be helpful at home by tidying up toys regularly.
- Foster new friendships and create thoughtful gifts for fellow children.

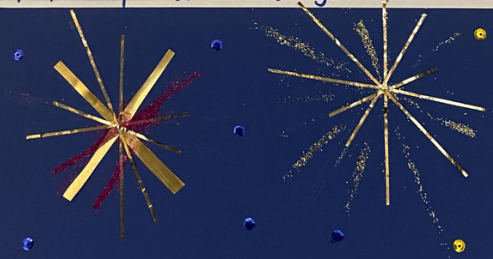

During morning circle time, the children explored New Year traditions from around the world, discovering symbols of good luck like four-leaf clovers, pigs, and horseshoes. Various cultures celebrate by exchanging small gifts such as ladybug charms, clove ornaments, and marzipan or chocolate pigs.

In addition to the joyous start, we warmly welcome Mrs. Athina Meindl, our new Preschool and ASC teacher. The Foxhill Team feels incredibly fortunate to have her on board, bringing warmth and nurturing spirit to our Foxhillschool.

The children had a blast crafting their own firework with paint, capturing the festive spirit and the beauty of fleeting moments.

# Kindness week at Foxhill

When children consciously adopt positive habits, it sets the stage for a happier Schoolyear!

**Kindness  
is free**

*One kind word can change someones entire day.  
Lets create a ripple effect of kindness that brightens  
someones day!*

To kick off a positive new year, the children at Preschool engaged in activities focused on distinguishing between "unkind" and "kind" actions. Through role-playing exercises during circle time, they learned the importance of kindness.

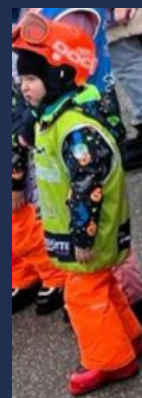

Over the course of two weeks, the children at Preschool practiced kindness and rehearsed a special song "Give a Little Kindness" by Mark Greer.

We also read a children's book, "Kindness is my Superpower," by Alicia Ortego emphasising empathy, kindness and compassion. This charming story teaches children about apologising for mistakes, good manners, and positive behavior at home, school and on the playground.

Birthday!**

## PRE-SCHOOL AND AFTER SCHOOL CARE

The preschool children have warmly embraced Athina Meindl.

Here, you can catch a glimpse of the engaging activities Athina, along with the Preschool Team - Natalie Ann Hougnon and Michaela Maierhofer, conducted this month. Prepare for an enriching journey of learning and growth with our delightful Athina by our side.

## ASC ROCKS!

Since January 8th 2024, Athina Meindl has taken charge of the After-School Care (ASC).

In the initial weeks, children explored the natural environment and engaged in social games in the gymnasium.

Currently, the children are working on a jewellery project, creating personalised "friendship bracelets" for one another.

you're doing great!
